3. INTRODUCTIONS

Each of the participants introduces themselves.

4. ROLE AS UTSU BOARD OF DIRECTOR

Ho states that the Professional Faculty Directors are the liasons between their faculties and the U.T.S.U. Board of Directors. She further states that these directors represent the interests and needs of the members of their respective faculties. She further states that these Directors should strive to work with U.T.S.U. to promote the union's services, programming and campaigns to their faculties.

5. FACULTY ORIENTATION UPDATES

Esufali states that the nursing orientation took place over two days. She further states that the first day was run by the faculty and the second was run by the Nursing Undergraduate Society. She further states that U.T.S.U. was present during the Clubs Day, which was a great opportunity for Nursing students to learn about U.T.S.U. services, events and campaigns.

Radebe states that Engineering Orientation week was a lot of fun. She further states that some members suggested having the parade on the Friday as it is inconvenient for engineers, since their classes start earlier.

Shilensky states that the Medical Students' Orientation took place earlier than most other faculties. He further states that the Orientation week ran smoothly.

Staibano states that the Dentistry orientation week was in August. He further states that they are externally sponsored by a few banks. He states that the U.T.S.U. did a few presentations and the faculty showed interest in the Good Food Box service. He further states the Health and Dental Plan coordinator gave a detailed presentation on the U.T.S.U. Health and Dental plan.

6. FACULTY OUTREACH UPDATES

Esfali states that the U.T.S.U. gave a presentation on both Orientation Days and will be hosting a Lunch and Learn, where Nursing students can learn about U.T.S.U. while enjoying a free lunch.

Radebe states that she likes the idea of a Lunch and Learn, and hosting one at Engineering.

Ho states the U.T.S.U. can also arrange for International Student Identity Card production and tabling at the various professional faculties.

Shilensky states that there has been much activity and collaboration between U.T.S.U. and Medicine. He further states that he has been trying to share information on the health and dental plan, as well as time sensitive info, such as Metropass I.D. production dates and Good Food Box dates. He further states the he is hoping to have a Lunch and Learn as well next month.

Staibano states that his outreach approach is getting the word out about his position. He further states that himself and the VP University Affairs have given presentations to all three years in the Faculty of Dentistry. He further states he is trying to convey relevant information, such as the Health and Dental plan, discount tickets, and metropass dates. He further states that there is interest for International Student Identity Card tabling and he is in the process of arranging that with the VP University Affairs. He further states that some Dentistry students have vocalized the need for a multifaith centre within the faculty.

Esfali states they have had similar problems with student space for prayer as well. She further states that the Faculty declared much of the Health Sciences Building as office space.

7. DISCUSSION

STUDENT ISSUES RELEVANT TO FACULTY

Chouhan states that because the Faculty of Music is fairly small, there is no real sense of student life. He further states that students in the Faculty of Music want to have a greater sense of collectivity with the rest of the campus, and contribute more to the university community.

Esfali states that there are internal faculty clubs that are isolated from the rest of the campus. She further states that although the faculty is somewhat isolated, there are many opportunities to get involved within the faculty.

Radebe states that there is a similar problem within the Faculty of Applied Science and Engineering. She further states that there is a lack of student space, and that the Engineering Society is not doing much to advocate for more student space within the faculty. She further states that rising tuition fees are also a big issue that the Engineering Society does not address.

Staibano agrees. He states that tuition fees are incredibly high in the Faculty of Dentistry, and international students pay twice as much.

Radebe asks if there is a significant difference in resources used by professional faculty students and arts and science students. She states that Engineering students use lab resources and she wants to know why professional faculty fees are significantly higher than arts and science tuition fees.

Ho states that a fact sheet can be developed from this committee to inform students about how much public funding goes into each professional faculty program, the rate at which tuition fees have increased, and the cost of tuition across professional faculties. She further states that materials could be created on the state of differential fees and how it is an unfair tuition fee policy imposed on professional faculty students.

Staibano states that there is a lack of recognition of the Board of Director's role within the Faculty of Medicine. He further states that he is making efforts to attend his respective faculty council meetings. He further states that a Dentistry student has expressed concerns regarding the lack of prayer space for students and has been trying to secure a Multifaith prayer space in the Faculty.

MEMBERSHIP DEVELOPMENT

Shilensky states that he would like to strengthen the bond between the U.T.S.U. and respective faculties and ensure there is an individual sitting as the Board of Director for each of the respective faculties.

OPPORTUNITIES FOR COLLABORATION

Shilensky states that the committee should strive to streamline the professional faculty positions to ensure that they are being filled in future years, for example, creating a Junior Rep position on Faculty councils. He further states that the committee should do research on tuition fees and funding for professional faculties. He further states that directors should strive to promote U.T.S.U. services and ensure that members are knowledgeable about deadlines.

8. FALL 2011 BY-ELECTIONS

Ho states that the U.T.S.U. is currently holding its Fall 2011 by-elections for a number of professional faculty positions. She further states that the professional faculty Board positions up for election include the Faculty of Physical Health and Education, Faculty of Medicine, Faculty of Law, and the Ontario Institute in Studies in Education.

2. APPROVAL OF AGENDA

MOTION

Moved: Ho

Seconded: Sandhu

Be it resolved that the October 19, 2011 Policy and Procedures Committee meeting agenda be approved as presented.

3. MOTION TO AMEND BYLAW I

MOTION

Moved: Ho

Seconded: Sajjad

Be it resolved that Bylaw I, Article 13 be amended to read:

13. Definition of "Full-time undergraduate"

"Full-time undergraduate" shall mean any student registered for a full-time undergraduate study at the University of Toronto St. George or Mississauga campuses, in a program leading to a degree, diploma or certificate of the University, and taking no less than 3.0 full-time equivalent credits.

Be it further resolved that Bylaw I, Head Office be amended to read:

"The Head office of the Union shall be located at the University of Toronto St. George Campus, Toronto, Canada."

DISCUSSION

Ho states that the first clause does not currently indicate which campuses UTSU membership included. She further states that the updated definition will set out that UTSU members are students at the St. George and Mississauga campuses. She further states that the second clause is being modified as the UTSU will soon be relocating to the Student Commons.

4. MOTION TO AMEND BYLAW II

MOTION moved: Ho seconded: Kandasamy

Be it resolved that Bylaw II, Article 2 be amended to read:

2. Termination

- a. Membership in the Union is terminated when a member withdraws, is suspended or expelled from the University of Toronto or upon graduation from the University.
- b. Membership of the Executive Committee is terminated upon resignation, impeachment or dismissal for any reason, unless the member qualifies for a membership as a full-time undergraduate.

DISCUSSION

Ho states that the bylaw now does not specify that students cease their membership in the Union upon graduation and that this is a simple housekeeping item.

VOTE

CARRIED

5. MOTION TO AMEND BYLAW III

MOTION moved: Ho seconded: Sandhu

Be it resolved that Bylaw III, Article 1.3 be amended to read:

Notice shall be provided to members fourteen (14) days prior to the meeting in a campus publication and the Union website. Agenda and summary of financial position shall be published in conjunction with the notice. Financial statements and items pertaining to the Agenda will be available at the Union offices and website.

Be it further resolved that Bylaw III, Article 2.4 be stricken:

No Director may carry more than three (3) proxies.

DISCUSSION

Ho states that this motion clarifies where notice of elections must be published. She further states that given that campus media often publish online it made sense to re word the bylaw to include publication. She further states that it was unclear which website the election notice will be published in. She further states that the language clarifies the notice must be published in the UTSU website.

Kandasamy asks why Article 2.4 is being removed

Ho states that the article is redundant as proxies are covered under article 4 of the same bylaw.

6. MOTION TO AMEND BYLAW IV

MOTION Moved: Ho seconded: Sajjad

Be it resolved that Bylaw IV, Article 2 be amended to read:

All policy remains the policy of the Union until amended or rescinded.

DISCUSSION

Ho states that the current of the bylaw does not make sense as there is no higher authority than the Board of Directors which can amend or rescind policy.

VOTE

7. MOTION TO AMEND BYLAW V

MOTION moved: Ho seconded: Sandhu

Be it resolved that Bylaw V, article 3.c (ii) be amended to read:

ii. Individuals elected as Faculty of Arts and Science At-Large representatives must be from separate constituencies.

Be it further resolved that Bylaw V, article 3.d (ii) be amended to read:

ii. Individuals elected as Professional Faculty At-Large representatives must be from separate Professional Faculties.

DISCUSSION

Ho states that the previous wording was convoluted and somewhat confusing. She further states that this language makes it clearer that Directors elected for at-large positions cannot reside in the College or Faculty.

Wednesday, October 19, 2011 – U.T.S.U. Office

1. Elections and Referenda Committee

The Union shall maintain an Elections and Referenda Committee, which shall be responsible for the administration of all elections to fill Board of Directors positions. The Elections and Referenda Committee shall ensure that all elections occur in the manner prescribed by the Bylaw and the policies of the Union.

- a. The Elections Referenda Committee shall be comprised of:
Three (3) executive committee members selected by the Executive Committee
 - i. One (1) Director from Division I
 - ii. One (1) Director from Division II
 - iii. One (1) additional Director from the Board
- b. The Elections and Referenda Committee shall determine the eligibility of all nominated candidates.
- c. The Elections and Referenda Committee may disqualify a candidate or rule any election invalid for any violation of the Bylaws.
- d. the Elections and Referenda Committee shall submit a report on the conduct and results of all elections to the Board for ratification.

Be it further resolved that Bylaw VI, Article 2.b (i) be amended to read:

- i. Notice of the date of the elections and nomination procedure shall be given to members by campus publication and Union website at least fourteen (14) days prior to the start of the nomination period.

Be it further resolved that Bylaw VI, Article 2. B (ii) be amended to read:

- ii. a general election in the Fall Session, between September 20 and October 30 of each year, for the positions of Directors representing constituencies having an academic program for one year, and for any vacancies in the Board or Executive occurring before August 1 of any year.

Be it further resolved that Bylaw VI, Article 3.c be stricken:

- c. Only executive candidate may be elected at UTM

DISCUSSION

Ho states that there were sentences that were unnecessarily repeated. She further states that the language around campus publications and the Union website is being changed to bring it in line with changes being made to bylaw III.

MINUTES

Policy and Procedures Committee Meeting of the University of Toronto Students' Union
Wednesday, October 19, 2011 – U.T.S.U. Office

Be it resolved that Bylaw VII be amended to read:

Duties and Responsibilities of the Board

The Board of Directors is the highest decision-making body of the Union that governs the daily advocacy and services. It consists of Directors elected by the membership to govern the affairs of the Union. Decisions made at the Board are final, unless rescinded.

The Board has the right to externalize any motions brought forth by a committee or commission, or to ratify or reject all actions of the committees and commissions with the following exceptions:

- Any staff or personnel issues;
- Any Elections and Referenda Committee actions, except for ratifying or rejecting funds allocated or expended by the Committee; and
- Any Appeals Committee actions.

Be it further resolved that Bylaw VII, article 5.a be amended to read:

The Board of Directors, can, with exceptions of staff and office policies, vary, add to, reassign or limit the powers and duties of the executives or individual members of the Executive Committee by a 2/3 majority vote of members present at the meeting of the Board, subject to provisions in these bylaws.

DISCUSSION

Ho states that the language around the rights of the Board to externalize motions was extremely confusing and convoluted. She further states that this wording will clarify what rights the Board has.

4. Vacancies

a. Executive vacancies require a by-election to be called no later than thirty (30) days:

i. Provided that the vacancy occurs during the months of May, June, or July, the by-election shall be held in conjunction with the Fall Session General Elections. Until the vacancy is filled, the Executive Committee shall designate an interim Executive to fill the vacant office subject to Board approval.

ii. If the vacancy occurs during on or after August 1 or once the Fall Session General Elections process has begun, the Executive Committee shall post the vacant position for no less than twenty (20) days, conduct an interview process and select no less than two (2) candidates to send to the Board of Directors for election.

WUSC Leadership Meeting

Report Back

REPORT BACK- WORLD UNIVERSITY SERVICE OF CANADA (WUSC) LEADERSHIP MEETING August 18-21, 2011

INTRODUCTION

World University Service Of Canada (WUSC) is a registered Canadian charity organization founded over 60 years ago. It is a network of individuals, groups and post-secondary institutions who believe that all people are entitled to the knowledge and skills necessary to contribute to a more equitable world. WUSC sponsors groups, individuals and institutions in order to foster human development and global understanding through education and training. The University of Toronto Students' Union (UTSU), as a sponsoring group, sent a representative to attend the WUSC Leadership Meeting in August.

OVERVIEW OF WUSC

WUSC is unique among development organizations in their ability to link Canadian colleges and universities with their overseas counterparts. WUSC is present on campuses across the country connecting post-secondary students, faculty and leaders through:

- Student Refugee Programs (SRP) - Supporting students fleeing war or persecution in developing countries to continue their studies in Canada.
- Uniterria- Mobilizing students to help achieve the Millennium Development Goals through education, advocacy and overseas volunteering. Overseas learning opportunities includes an international seminar and Students Without Borders, an innovative program that enables students to apply their academic knowledge to work environments in the developing world, while in most cases, earning credits.

STUDENT REFUGEE PROGRAM (SRP)

Whether due to war or political repression, students are often persecuted, imprisoned or forced into exile, joining the ranks of the world's estimated 16 million refugees and asylum seekers. They have virtually no opportunity for post-secondary education. Through SRP, capable young men and women are resettled in Canada as permanent residents and pursue their education in an environment free of violence and fear.

From diverse countries of origin such as Afghanistan, Burma, Burundi, Congo, Democratic Republic of Congo, Ethiopia, Eritrea, Rwanda and South Sudan, most formerly sponsored students have successfully completed their studies and are now active Canadian citizens making valuable contributions to their communities. An example closer to home is Emmanuel, a former U.T.S.U.-sponsored student, who has graduated from UofT and proceeded to do his graduate degree at Queen's University and is now working with the Ontario government.

THE UNIVERSITY OF TORONTO STUDENTS' UNION (UTSU) POSITION IN WUSC

Through the SRP, U.T.S.U. helps student refugees resettle in Canada to pursue their studies and move on with their lives. Through this program, U.T.S.U. has changed lives and transformed souls. As a student-sponsoring committee plays a vital role in making the student refugee program (SRP) a success.

Through their continuous support to the SRP, U.T.S.U. has been responsible for providing financial and social support for a minimum of 12 months from the time the sponsored student arrives on campus.

Financial support includes basic living and academic costs such as rent, food, clothing and books. Social

support includes helping the sponsored student adapt to life in Canada and the Canadian education system. For instance, the local committee welcomes the sponsored student upon arrival, helps them settle in and assists with registering for courses and accessing campus, health and other services. As the 2010-11 sponsored student, I appreciated the support of the Vice-President Equity and the local committee in helping me get settled, and am glad to see the same support is being provided to the 2011-12 sponsored student.

CONCLUSION

Through the SRP, the U.T.S.U. is changing the world. It is hard to describe exactly the importance or the amazing role the U.T.S.U. is playing in international development through the Student Refugee Program because that role is huge and no words can really be used to commend the support. The support is a lifeline to disadvantaged youth caught in conflicts with which they have nothing to do.

As the U.T.S.U. representative to the leadership meeting, I was indeed lucky because it was an eye opener and a forum to connect with young activists across the country

Respectfully submitted,

Jacob Chol
