RE: Resignation of Vice-President Campus Life

On Tuesday, 12 December 2017, Stuart Norton informed the Board of Directors of his intention to resign as Vice-President Campus Life. Stuart was elected in March 2017 and has served since May 2017. His resignation will take effect on 31 December 2017. On behalf of the UTSU and the U of T community, we thank Stuart for his truly incredible service to students.

Stuart has dedicated himself to serving others. Under his leadership, clubs have received unparalleled service and students experienced the most innovative—and most successful—Orientation in recent memory. Stuart has put all of himself into every project, from revolutionizing Orientation to the day-to-day business of supporting clubs. He has consistently gone above and beyond, demonstrating the value of hard work and faultless professionalism. More than once, Stuart was told that he would not be able to do the job. He has proved those critics wrong—time and time again.

Stuart has been the kindest, most principled, and most professional Vice-President Campus Life in recent memory. He is also a close friend to many of us here at the UTSU, and we are more than sad to see him go. You're the heart of our team, Stu—it won't be the same without you.

Stuart has chosen to resign for personal reasons, and we ask that his privacy be respected. Stuart has spoken to the Board of Directors in closed session, and no further information will be made public.

An announcement regarding the appointment of a new Vice-President Campus Life will be made shortly.

We wish Stuart nothing but the best.

Yours in service,

The Executive
